

# MATERIAL SAFETY DATA SHEET

**Print name:** Wednesday Oct 23th 2020

---

**Product name**

Brown aloxide

---

**SECTION 1--Manufacturer**

ZHENGZHOU HAIXU ABRASIVES CO.,LTD

<http://hbfa.net>

ROOM1903,YAXING TIMES PLAZA,SONGSHAN SOUTH ROAD, ZHENGZHOU,CHINA

Telephone:+86-371-60305639

Fax:+86-371-60305637

Emergency Telephone Number +86-15838373120

---

**Section 2--Composition/information on ingredients**

		CAS-NO
Alpha Alumina	95%	1344-28-1
silicon dioxide	1.5%	7631-86-9
Iron Oxide	0.5%	1309-37-1
Titanium Dioxide	3%	13463-67-7

---

**SECTION 3-Hazards identification**

Not hazardous. The product is inert, so it does not form any explosive or flammable blend. As with all dusts, inhalation should be avoided.

---

**SECTION 4-First-aid measures**

First Aid – Eyes                      Treat symptomatically for mechanical irritation. Flush lightly with clean water.

First Aid – Skin                      Powder may cause drying of the skin with repeated or prolonged contact. Wash with soap and water.

First Aid – Ingestion                  Rinse mouth out with water.

First Aid – Inhalation                Temporary discomfort to upper respiratory tract may occur due to inhalation of high dust levels. Remove to fresh air.

If any symptoms develop, seek medical aid.

---

**SECTION 5-Fire-fighting measures**

Non flammable and not explosive – no special precautions necessary. Skin Contact

---

## **SECTION 6-Accidental release measures**

Collect dry powder using a vacuum cleaner or other means where dust is not generated.

## **SECTION 7- Handling and storage**

Handling            Appropriate controls should be used to avoid generating dust when handling dry powders.

Storage            Powders should be stored at ambient temperature in a dry covered area. The product should be stored in sealed bags, away from humidity in a well ventilated area if possible.

---

## **SECTION 8-Exposure controls/Personal protection**

Respiratory protection            Use appropriate engineering controls to avoid dust generation when handling powders. Ensure that all occupational exposure standards are observed.

Skin protection            Substance may have a drying effect on the skin. Maintain good standards of industrial hygiene.

Eye protection            Eyewash should be available, eye protection is recommended.

## **SECTION 9-Physical and Chemical Properties:**

Physical and chemical properties

Form:	powder
Odour:	odourless
Melting point	NA
Boiling point:	NA
Explosive properties	None
Relative density	2.55

---

## **SECTION 10-Stability and reactivity**

Conditions to avoid	Protect against moisture
Material to avoid	None known
Hazardous decomposition products	None known

---

## **SECTION 11-Toxicological information**

Inhalation            Temporary discomfort or mechanical irritation to the upper respiratory tract may occur due to inhalation of high dust concentrations. No acute effects expected

Skin contact            No determined toxicological effects.

Ingestion            No determined toxicological effects.

Eyes            High dust concentrations may cause mechanical irritation.

Alpha Alumina	4 ( OES ) Respirable
Titanium Dioxide	4 ( OES ) Respirable

---

## SECTION 12-Ecological information

Environmental Statement Brown aloxide is persistent and non-biodegradable but is unlikely to have any long term effect on the environment.

Mobility           olid. Involatile. Insoluble in water

Degradability    Non-biodegradable. Persistent.

Accumulation    No bio-accumulation or bio-magnification identified.

---

## SECTION 13-Waste disposal information

Brown aloxide may be disposed of as non toxic/inactive materials in approved landfill sites in accordance with local regulations.

---

## SECTION 14-Transport information

Brown aloxide is not classified as dangerous for transportation under EU or UK national regulations. No special precautions are required.

**UN number**   ADR/RID:    IMDG:-    IATA:-

### UN proper shipping name

ADR/RID: Not dangerous goods

IMDG: Not dangerous goods

IATA: Not dangerous goods

### Transport hazard class(es)

ADR/RID: -   IMDG:-           IATA:-

### Packaging group

ADR/RID: -   IMDG:-           IATA:-

### Environmental hazards

ADR/RID: no    IMDG:-    IATA:-no

### Special precautions for user

No data available

---

## SECTION 15-Regulatory information

Brown aloxide is not classified as dangerous to supply under EU or UK national regulations.

---

## SECTION 16-Other information

The information provided in this safety data sheet is correct to the best of our knowledge information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, postrecession, storage, transmigration, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and is not valid for sun material used in combination with any other materials or in any process.
